"Bless me! lassie" 1

"Tell me, Monsieur, do you find her very attractive?" 107

He bent respectfully over it, just touching it with his lips..... 129

We found him seated under a drooping ash, smoking 237

The easel is handed out to him; and finally Mary Avon herself..... 257

Jeanne turned away, and stood still, with clasped hands 362

"I fear, my dear child, that I do not find you much disposed to talk over some matters of importance"..... 385

Not daring to stir hand or foot, lest he should disturb her 494

And still we glided onwards in the beautiful evening 513

"'Cré nom de nom!" ejaculated the astounded husband 622

"Thank you, I do not wish it" 641

"You would justify that, too?"..... 742
